Why do I need a safe?

PEACE OF MIND

When fire or natural disaster strikes, get your family to safety knowing that your documents and valuables are safe.

PROTECTION AND ORGANIZATION

Safeguard your **important and irreplaceable** items, such as birth certificates, cash, jewelry, property titles, contracts and passports. Organizational features ensure that you can find these documents/items when you need them.

Why choose SentrySafe?

- World leader of safes
 - Proven protection
 - Top of the line quality
- Over 100 models to fit your needs
 - Excellent after-sales service
 - BEST VALUE FOR MONEY

What type of protection does SentrySafe offer?

SECURITY

- Basic**

Privacy key lock deters unwanted access and is not intended for tool attacks.
- Moderate**

Durable, solid-steel construction and a tether cable provide moderate protection against brief attacks.
- High**

Solid-steel construction, pry-resistant door/body and heavy duty locks provide higher protection against tool attacks. Many models are California DOJ certified for firearm storage and protection.
- Maximum (Max)**

For maximum protection these safes offer 2-4 live-locking bolts, solid steel construction and pry-resistant hinge bars to help provide additional protection from forced entry. Select models include dead bolts, anti-drill door and loud audible alarm for unauthorized access attempts.

FIRE

- ½ HR, 1 HR and 2 HR Fire Ratings**

Indicates how long internal temp. stays cool enough to protect paper and valuables from damage during a fire
- Media Protection**

Provides additional protection for sensitive digital storage equipment

WATER

- Waterproof (WP)**

Can be submerged in water for up to 72 hours
- Water Resistant (W-R)**

Can sit in up to 8 inches of water for 24 hours
