Features

SECURITY

- LOCK IT - Programmable electronic lock with override key
- LEAVE IT - Steel security cable (included) provides added theft deterrence
- Durable solid steel construction
- Easy to conceal - fits under a car seat or other "out of sight" location

LOCKING SYSTEM

- Complete 10-number key pad - more combination options
- Stores up to two distinct codes - 1 to 8 digits each
- Automatic time delay after three incorrect entry attempts
- Two override keys included
- Requires 4 AA batteries (not included)

PORTABILITY

- Lightweight - easy to transport
- Easy grip handle - "grab and go"
- Compact - fits in luggage, briefcase or backpack

INTERIOR

- Soft interior padding protects contents from scratch and damage

SAFETY

- "Gentle Close" hinge spring - a SentrySafe exclusive - prevents possible injury resulting from unexpected lid closure.

- Color: black
